**Random Acts of Kindness - Sample Speech**

Hello everyone and thank you for joining us. We have a very exciting activity planned for you today, your very own Random Acts of Kindness Activity! Are you ready to do some good in the world and give back while having a blast?

The concept is simple – complete as many random acts of kindness as possible within the time limit to earn points and climb the leaderboard. Your team will need to work together in order to complete challenges and submit evidence of your good deeds.

To participate, one person on your team will need to sign in to our Outback Team Building web application. Once you've signed in to the app, your team will complete challenges by submitting text, photo or video responses – all within the Outback web application.

The team who correctly completes the most challenges and earns the most points will be the Random Acts of Kindness Activity Champion.

Before we get started, I'd like to share a few tips for today's activity:

- One person only per team needs to sign in to the app. This person is responsible for submitting the answer once your team agrees on it.
- Challenges can be completed in any order. You'll need to strategize to determine which challenges will earn your team the most points within the time limit.
- Points are based on the level of difficulty for each challenge. Completing the harder ones will earn you more points.
- Once an answer is submitted, it cannot be changed.

Team Captains, let's get signed in to the activity and get started!
Entry Code: _____
Once signed in, you will be prompted to create a team name and take a team photo.
Alright everyone, let's get started!

**Closing Speech**

*Welcome the group back and allow for some social time and for the teams to talk about the activity. Prior to closing out your event and announcing the winner, we suggest you highlight any notable team submissions or encourage the teams to talk about their strategy throughout the activity.*

Today's Random Acts of Kindness activity had a great mix of getting to know [insert location] and giving back by completing acts of kindness in the community. To do this:

- You focused on fast, open, and effective communication.
- You acted and reacted to situations with the team's best interest in mind.
- You supported each other through every aspect of the activity, from start to finish, no matter what obstacles were put in your way.
- And most importantly, you acted as a team rather than as a group of individuals.

Before I announce our top three teams, I would like to hear about your experience today.

*Basic Debrief Questions*
- *What are some qualities of a Leader/ Effective Communicator that you admire? How did you see those qualities being shown within your team?*
- *Was there a predominate leader in your group? Did you share the leadership role based on the challenge?*
- *How will you transfer what you learned today back into the workplace?*

And now the moment you have all been waiting for…it's time to announce the top teams!

With a score of: _____          In third (3rd) place is: _____

With a score of: _____          In second (2nd) place is: _____

With a score of: _____          The winning team is: _____

That wraps up your City Chase. It has been a pleasure working with you today, and I hope you had as much fun as I did.

Thank you!!!
